Name of beer Session Sour #2

Type of beer American-Style Sour Ale

Description Extremely pale yellow in color, our Session Sour #2 is everything your customers loved about our Berliner Weisse with a bit more bang for their buck. Still sessionable, this one clocks in @ 4.5% ABV. A large percentage of raw wheat is used in this brew to produce a foamy head in your glass that gives will give way to aromas of ripe lemons as it recedes. Refreshingly tart acidity would be an understatement, and a light mouthfeel that finishes dry, begging you to drink more greets you at the end of every sip.
